What the Gillette Will Do for You

The wonder of the Gillette is its adaptability -the way it meets individual needs.

Every man's face is different. Your beard is individual in the way it grows and its shaving requirements.

Whatever your shaving habits may be, no matter how tender your skin or tough and wiry your beard, the Gillette will give you a clean velvet shave.

It will give you a light shave or close shave (closer than a barber dare give you), with no roughness, no irritation.

It is not necessary that you know how to shave yourself. You do not need to be "tool-wise" or handy. There is no stropping, no honing.

You quickly get the knack of the Gillette and ground-gainer or in keeping the defense first two games, won the third and then playing good ball this year, and it is you will learn little individual shave-simplifying of the running style of play. tricks every day you use it.

The adjustment of the Gillette will suit your years it is sure that it will either be shifted first to one side and then to the fifteen pounds to the man heavier than beard and your skin. The Gillette will save you totally abolished or rules passed so other. Hornidge captured the necessary restricting it that it will be used but consecutive games on the eleventh and time and money and it is safe.

GORDON'S BRILLIANT WORK

Chevy Chase Man Has Shown Wonderful Form in District Championships.

The District championship tennis tournament which is now being decided on the Bachelors' courts at Woodley Park has been one of upsets, many of the best players losing to weaker opponents, and some of those who were picked to reach the later rounds, at least, have been shoved into the consolations and did not even make a good showing there. Yesterday was the first day of this year's affair which saw the title holders successfully defend their honors in the challenge round, John K. Graves and Spencer Gordon doing this by winning from R. Hornidge and Arthur Hellen in the men's

doubles. The score was 6-3, 5-7, 6-2
